

## Manufacturer's Certification Statement

### Redilight Solar Powered Lighting

#### Residential Energy Credits as covered under section 25D of the Internal Revenue Code

Redilight USA certifies that the Redilight Solar Powered Lighting systems qualify for federal tax credits for solar products used in residential situations. Redilight USA certifies that the Redilight product manufactured and/or assembled and/or installed qualify for a 26% Federal Tax Credit for Solar Energy systems under photovoltaic systems as prescribed in the Energy Improvement and Extension act of 2008 (P.L.110-343) as described in [IRS form 5695](#) and [26 U.S. Code § 25D - Residential energy efficient property](#), as follows: "Qualified solar energy electric property costs. Qualified Solar electric costs are costs for property that uses solar energy to generate electricity for use in a home located in the United States. This includes costs relating to a solar panel or other property installed as a roof or portion of a roof. The home does not have to be your main home." All Redilight products must be installed per the supplier's installation instructions and meet fire and electrical code requirements to be eligible.

Under penalties of perjury, I declare I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.
